Argentinian Iguazú Falls & Adventure - Full Moon In Waterfalls

Tour to The Argentinian falls, visiting the Devil's Gorge and Iguazú Falls. A train that goes to the waterfalls and the Devil's Gorge leaves from Yvrá Retá. We'll walk along a 600 meter path that joins the station in Cataratas with the area that goes to the footbridges. From the lower footbridges we will be able to watch the Alvar Nuñez, Bosseti and the Dos Hermanas waterfalls and the San Martin Island. Later on we will board inflatable rafts to shoot the rapids for 2 kilometres, on Iguazú River. We will take fourwheel drive vehicles to go back through the path of Yacaratía in the jungle of Misiones.

At night, we will leave the Waterfall Portal, at the entrance of the Iguazú National Park. We will go by train along the path to the Devil's Gorge station. We will be dazzled by the rainbow caused by moonlight. After such a beautiful experience, we will return by train to the visitor center and then we will go to La Selva restaurant where we will have a caipirinha and fruit juices cocktail.

This trip takes place only 5 days a month during full moon, and two days before and after that.
