It is possible to see elephant seals, sea birds and the main character of the peninsula: the Southern Right Whale that can be found in the waters of Puerto Pirámides from July to middle December.

#### **Punta Tombo**

Breakfast at the hotel. During the morning, we will go to the penguin rookery in Punta Tombo, which is one of the largest colonies of continental penguins of the world, where, depending on the season, it is possible to observe their reproductive cycle. In Punta Tombo, penguins can be found from September to middle March. Back to Puerto Madryn. Transfer to Trelew Airport. Reception and transfer from Ushuaia Airport to the hotel.

#### **Cerro Avanzado & Lobería Punta Loma (Seal Colonies)**

Breakfast at the hotel. We will visit the Punta Loma Provincial Fauna Reserve (17 kilometers from Puerto Madryn). This protected area preserves a permanent colony of seals and many cormorant colonies. After that we will follow the coastal path to reach the top of "Playa del Pozo" hill, an ideal point to appreciate the sea and the coast of Península Valdés.
